MRS. WINSLOW, AN EXPERIENCED NURSE AND FEMALE PHYSICIAN, presents to the attention of mothers her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflamation, will allay pain and spasmodic action, and *is sure to regulate the Bowels*.

Depend upon it, mothers, it will give rest to yourselves, and Relief and Health to your Infants.

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak of this matter "what we do know," after ten years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in *thousands of cases*.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve *Griping in the Bowels and Wind Colic*, and overcome convulsions, which, if not *speedily* remedied, end in death. We believe it is the best and *surest remedy* in the world, in all cases of Dysentery and Diarrhœa in children, whether it arises from teething or from any other cause.—We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world, and by O. W. Kessler and A. Roush, druggists, Altoona. Price 25 cents per bottle.

TO THE VOLUNTEERS.

Forward march, your country calls you;
Hasten—to the battle field,
Onward, onward, do not falter,
Clasp, the glistening sword and shield.
Fight them manfully, and bravely,
Show them that the cause is right;
That our Union ne'er shall sever
Freedom that our fathers bought.

With their blood they bought us freedom,
Which we always have maintained,
Till our Southern brethren, *rebels*,
With that blood their hands have stained;
Onward, brothers, face them bravely,
Fear not, God is with you all;
Should you lose your life in battle,
Nobly at your country's call.

Never let our glorious country,
By the *rebel's* hand be slain;
Let our glorious banner always
Proudly float o'er hill and plain,
Till the North and South as brethren,
Once again shall claim to be;
Free in freedom's land forever,
Shall a happy Union be.

AMERICA.

My Country! 'tis of thee,
Sweet land of liberty—
Of thee I sing;
Land where my fathers died;
Land of the pilgrim's pride;
From every mountain side,
Let freedom ring.

My native country! thee
Land of the noble free;
Thy name I love;
I love thy rocks and rills,
Thy woods and templed hills;
My heart with rapture thrills,
Like that above.

Our father's God! to thee!
Author of liberty;
To thee we sing;
Long may our land be bright,
With freedom's holy light
Protect us by thy might,
Great God, our king."

Select Miscellany.

Our Position.

In revolutionary times like these, it becomes us to say but little, and to say that little plainly. And as a skillful General, in taking his position, must consider the surrounding positions which may be taken against him, so do we.

First, then, we deny in to-to the right of a State to secede from the Union; and a portion of a State may revolutionize as well as the whole of it. Consequently there is no more reason for the West to follow the East into revolution than there is for the East to follow the example of the West in her loyalty. We are equals, and because Eastern Virginia chooses to commit treason, it is no reason why Western Virginia should do the same. A renunciation of allegiance to the General Government while occupying territory over which its jurisdiction extends is treason; because its authority cannot be subverted except by force, or the overt act of war; and treason cannot be legalized by the numbers of traitors. The hue and cry that we must be *Virginians*, and that as Virginia goes so must we go, is but another trick, got up to order for the purpose of hitching Virginia to a Southern Confederacy. We ask, in all candor, who has a better right to the honor (if honor it now be) of the title "Virginians," than those of her sons who are loyal to all their constitutional obligations? We are citizens of Virginia, and owe allegiance to the State Government, so far as its authority is exercised in accordance with the Constitution of the United States; and we are at the same time citizens of the United States, and owe allegiance to the General Government so far as its authority is constitutionally exercised. A secession ordinance is extra constitutional, and consequently void. We who remain loyal to both are still Virginians; while those who prove false to either, forfeit both their security and their honor.

Second. The Virginia Convention does not possess any sovereignity in respect to the powers constitutionally belonging to the Federal Government; because that portion of sovereigity has been surrendered and cannot be resumed but by an amendment of the Constitution.—Therefore, so far as secession is concerned, the Convention is to all intents and purposes, a revolutionary body, and consequently cannot bind those who choose not to be bound by it.

Third. We have said that we do not believe the State of Virginia can pass through this crisis undivided, as to this act of secession. We still say so. And why? Simply because we are sure the East intends to revolutionize. Then we say to the West, let her stand fast in her moorings; and then if any one is disloyal to the State, it will be those who attempt to tear down her flag, which is the "Star Spangled Banner"—the flag of our common country. It matters nothing that the Capitol of the State is in the hands of rebels, or that the State officers have left us. Let us maintain our integrity, and let the loyal citizens of the State sustain our State authorities in all their Constitutional functions, and the Federal Government in all theirs; standing true to the State and true to the Union.

Fourth. Our opponents cry, "Peace! Peace! Oh, Peace! Heavens sweetest boon to man! The song the angels sung! Let us be united, that no civil strife may occur among ourselves." But when we inquire of them on what terms we to have peace, the only reply is, on the terms of an unconditional surrender of all our rights of equality and sovereignity, including the privilege of an open an candid expression of our opinions; for we are already threatened with gag law. We are sometimes called submissionist, but the slave who will tamely submit to such usurpation, wrong and outrage as this, is made of more pliable materials than those which enter into our composition. And if these are the terms on which peace is to be preserved, we accept the issue, and in the language of the immortal Henry, we appeal to Western Virginians; "is life so dear, or peace so sweet, as to be purchased at the cost of chains and slavery?" We are for peace, but not to the sacrifice of every interest of our section, and every principle which the heart of a free man should hold dear.

This is our position. On it we have painted the "Star Spangled Banner," and by it we stand or fall.—*Grafton Virginia*.

A Revolutionary Incident.

One of the most thrilling reminiscenses in the American Revolution is related of General Peter Muhlenburg, whose ashes repose in the burying ground of "The Old Trappe Church," in Montgomery county, Virginia. When the War broke out, Muhlenburg was rector of a Protestant Episcopal Church in Dunmore county, Virginia. On a Sunday morning he administered the communion of the Lord's Supper to his charge, stating that in the afternoon of that day he would preach a sermon on "The duties men owe to their country." At the appointed time the building was crowded with anxious listeners. The discourse, if we remember correctly, was founded on a text from Solomon—"There is a time for every purpose and for every work." The sermon burned with patriotic fire; every sentence and intonation told the speaker's deep earnestness in what he was saying. Pausing a moment at the close of his discourse, he repeated the words of his text, and then, in tones of thunder, exclaimed: "*The time to preach is past*; THE TIME TO FIGHT HAS COME!" and suiting the action to the word, he threw from his shoulders his episcopal robes and stood before his congregation in military uniform. Drumming for recruits was commenced on the spot, and it is said that almost every male of suitable age in the congregation enlisted forthwith.

A WAR INCIDENT.—While one of the Massachusetts regiments was in this city, on its way to Washington, a gentleman residing here met one of its members on the street.

"Is there anything I can do for you, sir?" said the New Yorker, his heart warming toward the representative of the brave Massachusetts militia who had so promptly answered the call of their country.

The soldier hesitated a moment, and finally raising one of his feet, exhibited a boot with a hole in the toe, and generally worse for wear.

"How came you here with such boots as those, my friend," asked the patriotic citizen.

"When the order came for me to join my company, sir," replied the soldier, "I was ploughing in the same field at Concord where my grandfather was ploughing when the British fired on the Massachusetts men at Lexington. He did not wait a moment; and I did not sir."

It is unnecessary to add that the soldier was immediately supplied with an excellent pair of boots.—*N. Y. Post.*

☞ A great poet says that "the mountains stand fixed forever." We know, however, that it is no uncommon thing for them to *elope*.

THINGS THAT ARE FOOLISH.—A great many foolish things are said and done in the world, among which an unknown writer classes the following:

For a young man to think that he does himself credit by hanging around stores and taverns, smoking bad cigars, and paying for whisky and oysters, in order to be called "liberal" by a clique of youths as soft in the brain as himself.

For a lady to be annoyed because gentlemen do not always give her the best half of the street and the nicest seat in the public assembly. She should not forget that these conventional courtesies are not her right any farther than they choose to concede them.

For an unfledged clerk to think that he must buy extravagant gloves and cravats for every festive occasion, because Jonas, whose father is worth thirty thosand dollars, does so. The best way of proving his manhood would be to leave such things entirely alone.

For a girl to stay away from a party because she has worn all her dresses and can't have a new one. Isn't it something a kin to self-conceit for her to imagine that people have nothing to do but to think about her dresses.

For a man to be extra fastidious about colognes, diamond finger-rings, and scented pocket-handkerchiefs, and then set society at defiance with his cigar-case and tobacco-box.

For a girl to think that she is establishing her character as a young lady of fashion, by allowing her mother to toil through all the drudgery of the house, and then investing her money in gaudy broaches and artificial flowers.

For a man to suppose himself a gentleman because he touches his hat to a party of splendidly dressed young ladies, while he scorns to lend a helping hand to the woman struggling across the street.

For a simple working girl to buy imitation jewalry, because her wealthy neighbor spends a small fortune in the real.

For an elderly young lady to think she renews her bloom by dressing in the style of sixteen, with pink roses in her bonnet, and carmine roses on her cheeks.

For an old bachelor to attempt to darn his own stockings without a good stock of patience, or to venture where there are a dozen pretty girls.

CONSTANT EMPLOYMENT.—The man who is obliged to be constantly employed to earn the necessaries of life and support his family, knows not the happiness he prays for when he desires wealth and idleness. To be constantly busy is to be always happy. Persons who have suddenly acquired wealth, broken up their active pursuits, and burn to live at their ease, waste away and die in a very short time. Thousands would have been blessings to the world, and added to the common stock of happiness, if they had been content to remain in an humble sphere, and earned every mouthful of food that nourished their bodies. But, no; fashion and wealth took possession of them, and they were completely ruined. They ran away from peace and pleasure, embracing a lingering death. Ye who are sighing for the pomp and pleasures of life, beware! You know not what you wish. No situation, however exalted; no wealth, however magnificent; no honor, however glorious, can yield you solid enjoyment while discontent lurks in your bosom. The secret of happiness lies in this—to be always contented with your lot, and never sigh for the splendor of riches, or the magnificence of fashion and power. Persons who are always busy and go cheerfully to their daily tasks, are the least disturbed by the fluctuations of business, and at night sleep with composure.

DYING IN INDIAN FILE.—The captain elect of a military company at Vicksburg, Mississippi, in returning his thanks for the honor conferred upon him, pledged himself to rush into the thickest of the fight, and either achieve glory for the company, or die in the attempt. The first lieutenant pledged himself to be immediately behind the captain, and if he fell, to endeavor worthily to fill his place. The second lieutenant followed in a similar strain, and declared that when the first lieutenant should fall, he would lead them to glory or death. The third lieutenant was then called out. He said that when the captain, first lieutenant and second lieutenant should be killed, under such circumstances, he didn't think it would be prudent to lead the soldiers further, and he should then order a retreat!

FASHIONABLE EXTRAVAGANCE.—A large portion of those who complain of hard times are such as have gone beyond their means, and run in debt to keep up appearances. We have known families that were poor, and found it hard work to supply their necessary wants, run in debt for mourning garments for all the family, when a relative died—not because a doleful, horrible black dress was necessary, but because it was *fashionable* on such occasions. When people bound their desires by their real wants, very many will live much cheaper than they do now, and be free from the harassing cares that extravagance would bring upon them.

WHAT IS A RATION?—For the information of numerous inquirers, we give the following list of articles constituting a ration, from the army regulations:

20 oz. fresh and salt beef, or 12 oz. pork.
18 oz. soft bread or flour, or 12 oz. hard bread.
2¾ oz. beans or 1 3-5 oz. rice.
1 5-6 oz. sugar.
1 oz. coffee, ground.
½ gill vinegar.
¼ oz. candles.
¾ oz. soap.
½ oz. salt.

This must answer for the subsistance of a soldier during the day, and, properly husbanded, it is enough.

The rations for a company of 77 men aggregate as follows:

96¼ lbs. fresh and salt beef, or 57¾ lbs. pork.
86¾ lbs. salt bread or flour, or 57¾ lbs. hard bread.
11¼ lbs. beans, or 7¾ lbs. rice.
8¾ lbs. sugar.
4¾ lbs coffee, ground.
3¼ qts. vinegar.
3 pks. potatoes.
1 3-16 lbs. candles.
3¼ lbs. soap.
1 qt. salt.
3 pts. soft soap.

Company rations are served daily, and each company has its own cooks, who can, with proper attention and care, supply the men well each meal, and have enough to spare. If they do not know how they will soon learn, by saving scraps, making mixed dishes, &c., to make the rations go as far as possible.

The soldiers at Camp Wilkins now consume about 1500 lbs. of beef and 1800 lbs. of flour daily, with other articles in proportion.

AN EXCITING SCENE IN BROADWAY.—For several days there has been an American flag floating from the tower of Grace Church, just at the base of the tapering spire. The vestry were, however, desirous that another should surmount the very apex of the spire where the gilt cross stands, at a height of two hundred and sixty feet from the ground.

Several persons offered to undertake the dangerous feat, but, on mounting by the interior stair-case to the highest window in the steeple, thought they would scarcely have nerve enough to undertake it. At last, William O'Donnell and Charles McLaughlin, two young painters, in the employ of Richard B. Fosdick, of Fifth Avenue, decided to make the attempt. Getting out of the little diamond-shaped window about half way up, they climbed up the lightning-rod on the east side of the spire to the top of the spire. Here one of the men fastened the pole securely to the cross, although quite a gale was blowing at the time.

The flag thus secured, the daring young man mounted the cross,

WRONG, WRONG.—We are mortified to notice that some of our editorial brethren cannot, in this the hour of our severest national trial, forget old political animosities, but continue to indulge in inuendoes toward each other, which must be painful to their readers and detrimental to their own and their country's interests. The true patriot of to-day harbors no feelings in his heart against the members of any political party—no matter how bitterly he may heretofore have opposed them. All are, or should be, brethren in every sense of the word. Cannot our brethren bury the hatchet, if not forever, at least until we have passed from under the cloud that now overshadows our nation. "Bear and forbear" should be our motto. The people have arisen in their might, to crush out rebellion, and it is necessary that they act in concert; therefore let no meddlers interfere to distract them from the one great object. There is enough to attend to at this time, to save the Union, and without united action the struggle is uncertain. Let no one seek, by picking flaws in the course of his neighbor, to build up his business to the injury of the other. All men do not see and think alike, and if one err, in our judgment, we should endeavor to correct with kind words and arguments, not with inuendoes and threats. We would not intimate that covert treason should be indulged. The authorities can check a manœuvre in that direction much sooner and more effectually than a rival newspapor. Our people are now one in heart and hand for the Stars and Stripes; and, for the sake of our country, our posterity, and the honor of the craft, let us not divide or distract them.

THE WAR.—We felt sure, from the movements being made last week, that ere this time we would have had other information than what we now give our readers; but the circumstances under which the government labors has compelled it to keep everything secret until the act or movement is performed. From the rapid manœuvreing now going on, it is evident that a stroke will soon fall in some quarter. Beyond the difficulty at St. Louis, elsewhere detailed, there has been no engagements. What the intentions of the authorities are, on land, no one can tell. All the rivers and harbors are now blockaded, and the shipment of provisions from the West to the South has been stopped. Neither munitions of war or provisions are now allowed to enter the South through any of its ports. It is said that the Southern army is provided with provisions, but that the people are deficient. How long they will submit to this state of affairs remains to be seen.

☞ Peterson's Magazine, for June, looks as fresh and bright as the fields and forests at that season The engravings in this number are very handsome, and the reading matter full of interest. The fashion plates are the latest and superior to any heretofore published. Price $2,00 per annum.

☞ We have the promise of a number of the volunteers from this section, to correspond for the *Tribune*. We hope they will let us hear from them as regularly as possible. Try your hands, boys, your friends are always anxious to read your letters.

THE MICHIGAN REGIMENT.—Yesterday morning, two extra passenger trains passed through this place, having on board a regiment of soldiers from Michigan. There are 1,000 men in the regiment, 800 of whom were on the trains, the remaining 200 having been detained to bring on the park of Artillery, belonging to the regiment, consisting of 100 horses and ten guns, two of which are rifled.—Taking them altogether, this regiment was composed of the finest set of men we have yet seen. They are all young men, but not boys. They look like back-woodsmen who can stand hard knocks and hardships. They were completely accoutred, each having two complete changes of clothing, a rifle musket, canteen, haversack, and everything necessary for the campaign. After partaking of breakfast at the Logan House, they were loud in praise of it, pronouncing it the best meal they had received since leaving home; and it was a good meal, notwithstanding Mr. Miller, the proprietor of the house, had only four hours notice to prepare it. Previous to the departure of the last train, one of the officers was called up for a speech. He returned thanks for the kind and courteous manner in which they had been treated while here. He said the people of Michigan were not fanatics—they were not going to make war upon the institutions or rights of any State, but to uphold the laws of a common country.—He was not opposed to the division of the country, provided the line was run *north of Michigan*. He was opposed to dividing the flag of our country, but if the South were determined to tear it asunder, the North would take the stars and give the South the *stripes*. The train moved off amid the cheers of the soldiers and the crowd assembled—a fair proportion of which was ladies. And here permit us to say that some of our ladies came well nigh falling in love with the "wolverine" boys. 'Tis said that one young lady so entirely captivated, or pleasantly engaged, one of the soldiers in conversation that he forgot to eat his breakfast. Quite a number of the ladies made presents of their handkerchiefs to the soldiers. Those men will remember Altoona.

☞ Judging from the appearance of the Michigan men, who passed through here, we think the Southern rebels will find in them their equals, if not superiors in strength and vigor, and their boasted chivalry will fail to withstand the sturdy Sons of the North. They are a fine set of men, and are universally admired; as are Roush's new goods, consisting of Drugs, Medicines, Chemicals, Patent Medicines, Carbon Oil and lamps, Paints, Dye-Stuffs, Perfumery, and all articles usually kept in a first-class Drug Store, all of which he will dispose of at moderate prices. Give him a call.

☞ Attention is requested to the dental card of J. I. Steel, in another column. Those who have aching voids they wish removed and their room filled with substantial artificials, will be waited upon politely, pleasantly and satisfactorily by Dr. Steel, at his room, next door to Mrs. Couch's store.

☞ Returns from the recent election held in Kentucky show that that State, or the great majority of the people, are loyal to the Union, the Union ticket having a decided majority in every county heard from.

CHANGED HANDS.—Happening in at Taylor's Saloon, next door to the Bank, a few days since, we found that that favorite resort had changed hands. Instead of one of the Taylor brothers, we found our clever and ever pleasant young friend, Joshua B. Williams, behind the counter, ready to do the agreeable to all who call at that establishment. His shelves are well stocked with confectionaries of every conceivable kind, together with fruit, nuts, cakes, pies, cigars, tobacco, spiced oysters, etc., etc. He also keeps always on hand a fresh supply of Mineral water, Sarsaparilla, and other drinkables.—Ice cream that cannot be excelled will be daily served up during the season. Under the charge of Williams the saloon will retain its popularity, and those who call will be waited upon satisfactorily. Call and give Jos a bumper.

CHOICE CUTS.—There can be choice cuts of more things than one, but it is generally supposed that the term refers to the best part of a beef; but we think that cuts from almost any part of ten head of fat cattle which our enterprising butcher, M. Runyan, drove past our office, one day last week, might be styled choice cuts. He has brought in and slaughtered some of the best cattle to be found in the country, but none better than those now on hand, one of which is served out to his customers every market morning. He stops not for expense to obtain the best cattle the western country affords, and his customers get just as good meat as is served out in the best city markets.

NOTICE.—The adjourned stated meeting of the Good Will fire company, will be held in their Engine house, on Wednesday evening, May 22d, at half past seven o'clock, for the purpose of electing officers for the ensuing term. A full attendance is required, as business of importance will be transacted.

WM. A. BOYDEN, *Sec'y.*

Col. Thomas A. Scott in Washington.

The Washington correspondent of the New York "Evening Post" renders a just tribute to Col. Thomas A. Scott, Vice President of the Pennsylvania Central Rail Road. We quote:—

"It is almost impossible to over estimate the value of the services of Thomas A. Scott, of the Pennsylvania Railroad, to the Government.—He was sent for by Mr. Crneron to put the route from Philadelphia to Washington via Annapolis in good order. He found, upon arriving at Annapolis, that the terminus of the railway was a mile distant from the steambont landing. All through passengers or Government messengers were obliged to carry their baggage, or get it carried, the whole distance by hand. This was not to be tolerated, and Mr. Scott sent for a few omnibusses at once, and put them on as a connecting link between the depot and the landing. Passengers then passed over without paying tribute to the people of Annapolis. Mr. Scott then asked for two or three hundred men, which request was promptly granted by General Butler; and, sending for ties and rails, he soon constructed a railway down to the steamboat wharf.

Up to this time the Government had run trains at all hours of the day and night, with no sort of regularity, and the consequence was, that the mails were always detained and the trains were so mixed up together that collisions were only avoided by extraordinary luck.—"This will never do," said the indefatigable Scott, "we must run regular trains. The mail and passenger trains can and must be despatched with precision. The more regularity in the trains, the greater capacity of the road, with but a single track, to carry troops to the capital." The Red-tapists grumbled at first, and wanted their "military road" run entirely at their own convenience. But Mr. Scott succeeded in gaining their consent for a trial of his programme, and once tried, they were as much in favor of the new arrangement as all outsiders are."

Shining Mineral on Clearfield Creek.

In looking over the columns of the Harrisburg Weekly *Patriot & Union*, of the 2d inst., I notice an interesting article on the Oil and Salt Mills of Clearfield and Cambria counties, and especially the description of the salt mill at the confluence of the Beaver Dam and eastern branch of the Clearfield Creek. I have been familiar with the locality of that mill for many years; as also with the tradition connected with the organization and difficulties encountered by the company in raising means to prosecute their work under the indefatigable leadership of Mr. S. G. Wilson, the experienced and practical engineer who had the work in charge. Mr. Wilson is perhaps too modest in expressing his belief that the ore or metal must be copper. It evidently was not copper, as its bright, shining appearance did not bear a resemblance to copper ore. Its great abundance is by no means a good reason why it may not have been GOLD. The auger having first passed through quartz rock would indicate that this would be the proper locality for gold to be found.

If there are any persons living in the neighborhood of the Elk Lick, who can give any certain information as to the character of the mineral discovered in sinking the well, it is hoped they will make it known through the columns of the *Altoona Tribune*. Unfortunately the specimen found by Mr. Wilson was mislaid before it was submitted to proper chemical tests.

CLEARFIELD CREEK, May 8, 1861.

LATEST FROM EUROPE.—The steamer Great Eastern arrived at New York on Sunday evening. She left Milford Haven on the evening of the 1st inst., and had a passage of nine days and thirteen hours to the Bar. She encountered a tremendous gale on the 5th inst., during which she rolled heavily, though no sea went over her lofty sides.

The Commissioners of the Southern Confederacy had reached England.

Mr. Gregory's motion in the House of Commons relative to the recognition of the Southern Confederacy had been postponed two weeks. In answer to a question in the House of Lords, on the 29th ult., Lord Woodhouse stated that the Government recognized no right or obligation to interfere in the conflict unhappily commenced in the United States, either diplomatically or otherwise.

The English papers continue to discuss American affairs—the entire London press, except the *Times*, sympathizing warmly with the loyal States, and anticipating an early triumph for the Government.

PARSON BROWNLOW'S PAPER.—The Knoxville *Whig* has been presented by a Florida Grand Jury as a nuisance and an incendiary sheet. Hear what the Parson says on the subject:—We look with scorn and contempt upon his effort to proscribe us, by the secession rebels of Florida.—We call attention to it with a view to illustrate the *vile spirit* of the Southern Confederacy. Any journal that dares to expose their usurpations of power, their arrogant claims, and their refusal to let the people have a vote upon going out of the Union, is "an incendiary sheet." Drunk on mean whisky—resolved on repudiating their honest debts, and hopelessly insolvent, many of these Southern leaders in the wicked work of secession, desire to get up a war of plunder, in the vain hope of bettering their condition. And any paper daring to expose their loose code of morals is an incendiary sheet!

OUR ARMY CORRESPONDENCE.

CAMP SCOTT,
York, Pa., May 9th, 1861.

MESSRS. MCCRUM & DERR.—*Gents*:—Permit me through the columns of your paper, to acknowledge, in behalf of the members of company B, 3d Reg., the receipt of boxes, containing provisions from the "Patriot Daughters" and citizens of Altoona, for their use. The contents have been distributed according to the wish and desire of your, and our patriotic citizens, according to the best of our judgment.—These manifestations of kindness, from those we have left behind, creates joyful exclamations from the members, and calls up pleasing recollections and associations of home. It is refreshing to know that we are remembered, while absent, and in preparation to defend the Flag of our country, and preserve unsullied a Government, whose prosperity has been the wonder and admiration of the civilized world.

The sentiments contained in the letter of the "Patriot Daughters of Altoona," breathe the true spirit, and are imbibed freely, not only by your own citizen soldiery, but by the Regiments, generally, composing Camp Scott. To uphold, and carry aloft in triumph the "Stars and Stripes," is the universal feeling here. And with a determination to secure its respect from rebels and traitors, will the dastard foe be met with a degree of courage and bravery, that shall teach them that the Anglo-Saxons of the North, are not a race of cowards.

There are now concentrated here, probably, eight thousand troops, and 11 pieces of Artillery. Among the number is Capt. Chas. T. Campbell's Flying Artillery of Chambersburg. When we shall be marched away, it is extremely difficult to tell. However, we are looking for such orders daily.

Be it said to the credit of the Altoona boys, that they have behaved themselves very respectable, and none have, as yet, been placed under guard. For such good conduct, they deserve to be kindly remembered by their friends and relatives at home. The boys are all eager for the fray, and I feel confident, that they will do their duty, and never permit our glorious flag to be ingloriously trailed in the dust.

In conclusion, in behalf of the members of my command, I return to the "Patriot Daughters" and citizens of Altoona, our most grateful thanks, for the liberal gifts they have bestowed upon us. Trusting that we may never prove unworthy of their benevolence, or ungrateful of their kindness and sympathy.

I remain very truly yours,
HENRY WAYNE,
Capt. Company B, 3d Regiment.

CAMP SCOTT,
YORK, PA. May 13, 1861.

MESSRS McCRUM & DERR:—Yesterday afternoon (Sunday,) Gov. CURTIN visited this encampment, and reviewed the troops. The 1st, 2d, 3d, 12th, and 16th Regiments, and Capt. CHAS. T. CAMPBELL'S Company of Flying Artillery, from Chambersburg, were on parade. As the Governor passed up and down the line of battalions, he was enthusiastically cheered by the soldiers. Afterwards he assumed a standing position, near the edge of the parade ground, and closely watched the movement of the troops, as they marched by him. The whole display was grand and very impressive, and was witnessed by thousands from all parts of the surrounding country.

When we shall take our departure from here, it is impossible to tell. Rumor has us marching hence daily, but as oft is Madame put *hors du combat*. We are nearly equipped, and will, probably, receive to-day all that is required to put us on perfect war footing, and then we are prepared to march at a moment's warning. Various are the conjectures as to our destination. Some say Baltimore or Western Virginia, and others Harper's Ferry. But speculations on these matters are at an alarming discount.

On Friday evening last, we had two shooting and stabbing affrays between soldiers—the natural result of a too free use of wretched bad whiskey. One of these occurred in the Camp, and the other at a groggery in town. In the first case, one soldier stabbed another, whereupon he drew a revolver and shot his assailant in the head. Fortunately the wounds were not of the most serious character. Of the other case, I am not "booked up," further than that the person was shot. It is a little singular that, notwithstanding these repeated acts of violence, none as yet have been fatal in their consequences.

Among the fine-looking officers and soldiers connected with Camp Scott is Brigadier General JAMES S. NEGLEY—We greatly regret that he is not our commander, for nearly all the men composing the 3d Regiment are acquainted with him, and have the utmost confidence in him, both as a brave soldier and a sociable and affable gentleman.—Having made military affairs almost the study of his life, perhaps, there is no man in the State who is so fully acquainted with all the scientific principles of modern warfare, and what is so much needed to place the volunteers of Pennsylvania in war trim, as Gen. NEGLEY. All who know the General greatly respect him, and the reason is obvious. There is no haughty or despotic military pride about him, as is too often the case with men, who have been suddenly launched, by a *paper* commission, into some important position, for which they are totally unfit, from a want of proper military education. *Birth*, not *worth*, has more to do with such appointments than anything else.—To the humble private, Gen. NEGLEY is as affable and kind as to his brother officers, and this trait in his character has endeared him to the soldiers generally, from the Ohio river to the Eastern slope of the Alleghenies.

A number of your citizens have visited our encampment and have been received most cordially. It affords the members of Company B extreme gratification to clasp the hands of familiar faces from home, as it revives pleasing recollections and associations. Your citizens have been very kind and liberal to their sons at Camp Scott, in the way of a bountiful supply of provisions and other necessary articles, the receipt of which have been duly acknowled by Capt. WAYNE, through you, to the "Patriot Daughters" and to the pastors of your several churches—which letters are to be read in the congregations.

Our members, generally, retain good health. JOHN LAIRD is the only one of our company in the hospital. All have been more or less afflicted with colds—the result of sudden changes in the weather, which, since the beginning of this month, has taken a turn about every other day.

On Sunday evening a number of our members visited the M. E. Church in town, and heard quite a patriotic sermon from the pastor. His text was, "In the name of our God will we set up our banners." The subject was treated in a spiritual as well as a civil sense. He remarked that he was southern born and reared, and had interests there; but rather than the Star Spangled Banner should be disgracefully trailed in the dust, he would sacrifice them all in its defence. He justified the position of the Government in its present movement, and believed that it was right, and God would sustain that right. His remarks were enthusiastically responded to by his members, by repeated "Amens."

But I must close this hasty sketch. From some one of our company, we will endeavor to keep you posted, while at Camp Scott, and, if marched away, of our movements where'er our lots may be cast.

J. S. C.

GRATUITOUS ATTENDANCE UPON VOLUNTEERS' FAMILIES.—*To the Tyrone and Altoona Relief Committees.* Gentlemen—Feeling that in the present crisis it behooves all true patriots to willingly make sacrifices in support of our Union, and in encouragement of those who have so nobly rallied to its defence, I herewith offer my professional services, free of charge, to all who may stand in need of assistance.

DR. A. P. CALDERWOOD.

☞ Dr. J. W. Cameron can be found at Roush's Drug Store at all times during the day, and at Mrs. Rigg's boarding-house at night, except when professionally engaged. Those who desire his services should note the change of boarding place.

The doctor requests us to state that he will give gratuitous medical attention to the families of all those who have enlisted in defence of the Flag of our Country,

WAR NEWS.

Surrender of the Missouri Militia to the United States Troops.

ST. LOUIS, May 10.—General Frost's brigade of Missouri militia, encamped at Camp Jackson, on the western outskirts of the city, surrendered unconditionally, this afternoon, on the demand of Captain Lyon, commander of the United States forces in this city.

Captain Lyon marched on Camp Jackson with some thousand volunteers, surrendered it, and planted eight field pieces on the adjoining eminence.

The following letter was sent from Capt. Lyon to Gen'l Frost:

Headquarters of the U. S. Troops,
St. Louis, May 10, 1861.

To Gen. D. M. Frost:

Sir:—Your command is regarded as evidently hostile towards the Government of the United States. It is for the most part made up of those Secessionists who have openly avowed their hostility to the General Government, and have been plotting at the seizure of its property and overthrow of its authority. You are openly in communication with the so-called Southern Confederacy, which is now at war with the United States, and you are receiving at your camp, from the said Confederacy, and under its flag, large supplies of the material of war, most of which is known to be the property of the United States.

These extraordinary preparations plainly indicate none other than the well-known purpose of the Governor of this State, under whose orders you are acting, and whose purpose, as recently communicated to the Legislature, has just been responded to by that body in the most unparalleled legislation, having an indirect view to hostilities to the General Government, and a position with its enemies.

In view of these considerations, and your failure to disperse in obedience to the proclamation of the President, and of the eminent necessity of State policy and welfare, and of the obligations imposed upon me by instructions from Washington, it is my duty to demand, and I do hereby demand of you, an immediate surrender of your command, with no other condition than that all persons surrendering under this demand shall be humanely and kindly treated.

Believing myself prepared to enforce this demand, one half hour's time before doing so will be allowed for your compliance therewith.

N LYON,
Captain Second Infantry,
Commanding the Troops.

It is understood that General Frost says this letter was not received by him until his camp was surrounded by United States troops. He then replied that the encampment was organized under the law of the State simply for organizing and drilling the volunteer militia of this military district. Not expecting any demonstration of this kind, he was entirely unprepared to successfully resist the attack. He therefore accepted the terms specified and surrendered his command.

There were only about 800 men in the camp, a large number being in the city on leave of absence. These troops laid down their arms, and were escorted to the city as prisoners of war.

A release on parole was tendered to the officers and troops, providing they would take oath not to take up arms against the United States Government, which they declined doing, on the ground that it implied that they had already taken up arms against the Government, which they disclaimed.

ST. LOUIS, May 10—Midnight.—Just before the troops started for the city, and while the State troops were drawn up between two lines of U. S. volunteers, several "rocks" were thrown at the volunteers and a few pistol shots fired by excited parties in the surrounding crowd, which was composed of a large number of citizens, including many women.

One shot took effect in the leg of Capt Blandowsky, and as he fell he gave the word to fire, which was obeyed by some two or three companies, resulting in the death of upwards of twenty persons, including two women and several children, and badly wounding several others.

Second Dispatch.

ST. LOUIS, May 11.—Many conflicting rumors prevail relative to the cause of firing on the crowd of spectators at Camp Jackson, last evening. Some say rocks, brick bats and other missiles were hurled at the volunteers, smashing muskets, breaking limbs, and otherwise wounding the soldiers; while others assert the contrary. A respectable citizen and eye witness, who stood a few feet behind the troops that fired, states positively that no rocks were thrown, and no pistols fired by the crowd, and that the only provocation given, was the abusive epithets launched by some of the crowd at the Germans in the ranks. It is known, however, that after the firing commenced, shots were returned by parties in the crowd and several soldiers wounded. It is understood that a thorough investigation of the matter has been ordered by Captain Lyon, when the truth will be made known. Several of the troops are already under arrest. It is difficult to ascertain the names of the killed, in consequence of their hasty removal by friends, but a full and accurate list will be procured to-day. The troops engaged in the capture of Camp Jackson, were the First, Second, Third and Fourth Regiments, United States Volunteers, under Colonel Blair, Brenstine, Sigel and Shultner, and the Third and Fourth Regiments of the United States Reserve Corps (formerly Home Guards,) under Colonels McNeal and Brown. Capt. Lyon was seriously, but not dangerously injured by being kicked by a fractious horse on the camp ground.

The United States troops are now in possession of Camp Jackson, with all the equipage, tents, provisions, &c. The Pacific and North Missouri Railroad depots are occupied by the volunteers. Much excitement exists in the city, but owing to the efficiency of the military police corps, order prevails. Gen. Frost, with his staff, and all the State troops, are in the Arsenal.

Special Dispatches to the Philadelphia Press.

WASHINGTON, May 12.—The preparations for the effective blockade of the Virginia waters having been completed, Capt. Pendergrast has given the precautionary notice of fifteen days for all vessels to leave the port of that State, either with or without cargoes. Several of the foreign ministers and some of our own countrymen have asked for an extension of the time, but this, in every case, has been refused. The order will be impartially adhered to.

Certain parties, though representing themselves as Union men, have been denied the privilege of forwarding locomotives to Tennessee, for the reason, among others, that such necessary railroad machinery might be used in the transportation of hostile troops.

The Government also takes care that coal, so desirable for steam purposes, shall not be transported to the disloyal States.

Information having reached the Navy Department, late last night, that several small vessels had been fired at from the Virginia shore, and an effort made to detain them by the Alexandria authorities, in order that their cargoes of fish, instead of being brought to Washington, might be secured to the rebel troops, the Secretary promptly ordered the steamer *Pawnee* to stop the lawless proceedings.

In addition to the national vessels, about 20 armed steamers from New York, Boston, and Philadelphia, have been or are being put in readiness for blockading purposes.

The Secretary of the navy is assiduous in hurrying forward the measures of the blockade, and he informs his friends that by this time Charleston and the Savannah river are experiencing its effects The steam frigate *Niagara*, and other vessels, will similarly operate at New Orleans.

A number of naval officers, including several captains, who, during the first panic, resigned their commissions, have applied to be reinstated, but their appeals have been and will continue to be disregarded. Some of the officers who long since honorably retired to private pursuits, but recently offered their services to the government, have been placed on duty as second lieutenants, as no higher stations under the present circumstances can now be assigned them.

The earnest effort of the Department is to make the blockade effective within the shortest possible time.

Many of the regiments are preparing to go into camp, while others have already encamped in the suburbs of the city.

The New York 7th regiment are encamped in our northern suburbs, near Columbia College grounds. The Ney York 69th are on Georgetown College grounds. The New York 12th are in Franklin Square in this city. The New York Zouaves are going into our eastern suburbs, near Benning's Bridge, and in the neighborhood of the Congressional burying ground. The Rhode Island regiment go into camp near Glenwood Cemetery, near the city. The New Jersey 4th encamp on Meridian hill, near the New York 7th. The Pennsylvania 1st artillery go immediately into camp; and a number of other regiments are making the preliminary arrangements for an early encampment in our suburbs.

There is no truth whatever in the Baltimore report that the steam gun was taken out to the Relay House for practice. It was drawn out to be planted in a position to try its virtues upon our troops. The capture of it, as correctly reported in the Washington *Chronicle* of this morning, reflects no little credit upon Capt. R. H. Hair, of Gen. Butler's staff. Capt. H. was in advance of the capturing party sent out from the Relay House, and on approaching the party advancing with the gun, found it in command of four men, who had trusted to its agricultural appearance rather than to a guard for its safety and protection.

Although entirely alone, Captain Hair rode up to the party, and, drawing his pistols, demanded the surrender of the gun in the name of the United States. He called upon one or two bystanders to assist him, by the same authority. He compelled the driver to dismount. One of the gentlemen sprang from his carriage, and, advancing toward Captain Hair, demanded his authority for taking private property. "By the same authority by which I now arrest you," replied the captain, putting a revolver to his head. The other gentleman fled. Troops shortly arrived, and the three prisoners, gun, and mules were taken to the headquarters of the Sixth Massachusetts Regiment. The three prisoners were conveyed under guard to Annapolis.

The completion of the Northern Central Railway has been reported at the War Department, and to-morrow passenger and freight trains will commence running between Washington and Philadelphia, through Baltimore. The Annapolis route will, however, be the favorite route with a very large proportion of the travel.

PROCLAMATION BY THE PRESIDENT.

The President has issued a proclamation, setting forth that insurrection exists in the State of Florida, by which the lives, liberty and property of the loyal citizens are endangered, and as it is deemed proper that all needful measures should be taken for the protection of such citizens, and of all officers of the United States in the discharge of their public duties in that State, the President directs the commander of the military forces of the United States on the Florida coast to permit no person to exercise any office or authority upon the Islands of Key West, the Tortugas and Santa Rosa, which may be inconsistent with the laws and Constitution of the United States, authorizing him at the same time, if he shall find it necessary, to suspend there the writ of *habeas corpus*, and to remove from the vicinity of the United States fortresses and all dangerous or suspected forces.

BALTIMORE, May 10—This Morning a suspicious looking box and three men were observed going out on the Frederick road from Baltimore, and the fact being communicated to Gen. Butler at the Relay House, he dispatched a scouting party in pursuit, who overtook the wagon six miles beyond the Relay, at Hechester. On examination it was found that the box contained Dickerson's steam Gun, which obtained some notoriety here during the excitement succeeding the riot of the 19th ult., and was for a few days in custody of the city authorities. It was being taken to Harper's Ferry when Captured. The soldiers brought the gun and the three men to the Relay House. The prisoners, one of whom was Dickerson, the owner and inventor of the gun, were sent to Annapolis.

BALTIMORE, May 10—Col. Paterson's fine regiment of Philadelphia volunteers, Sherman's celebrated battery, and several companies of United States regulars from Texas, passed through this city yesterday afternoon on their way to Washington. The troops landed at Locust Point, near Federal Hill, and they were received with much enthusiasm by the people in the vicinity.

The long line of armed men filed through the streets in splendid array, and there was not the slightest obstacle offered to their progress. At many points they were greeted with cheers, and the ladies at the windows encouraged the soldiers with pleasant smiles and waving handkerchiefs.

The passage through the city of this formidable body of well-disciplined soldiers has strengthened the Union cause here.

HARRISBURG, May 10—An application, made from private parties in the Eastern States, to Gov. Curtin, to permit bodies of armed free blacks to pass through Pennsylvania, has met with his unconditional refusal.

Great satisfaction is expressed here with the refusal by men of all parties.

The object of these applications was to rouse the slaves of the Southern States to rebellion.

HARRISBURG, May 13.—A person employed on special service, who visited Harper's Ferry last week, reached Chambersburg to day, and reports that there were then about 6,000 troops there altogether. About three-fourths of them were armed, but the balance were without arms. Only 200 Kentuckians were there, and but one company of South Carolinians. The resident militia of Harper's Ferry were very restive under the existing circumstances. They had only one day's provisions on hand, their supplies expected from Western Virginia being cut off by the stand taken by the people of that section of the State. It was thought that the supplies anywhere within reach in the surrounding country must be exhausted within two weeks.

It is positive that not more than 1,000 stand of arms were got out of the wreck of the arsenal buildings, and some of these were in bad condition. Not more than twelve rifles can be manufactured per day in the shops in operation. There are only 600 men on the Maryland side of the Potomac; they have not erected any batteries on this side of the river, and show no disposition to erect any. They must retreat or be provisioned. This, however, does not contradict the probable advance of the main Confederate army on the Southern Pennsylvania route, when Jeff Davis discovers the impossibility of breaking General Scott's lines around Washington.

☞ Plain talk by the Winchester *National Union*. "Berish Magoffin, unless he speedily changes his conduct, will find that he has trespassed too far on the patriotic forbearance of an outraged people, and will have the notoriety of being the first Governor of a state hanged for treason."

Meeting at Uniontown, Md.

SATURDAY, May 4, 1861.

Though the day was one of the most inclement in the whole year, and it was not expected that there would be any meeting at all, by 2 o'clock in the afternoon, the merry music of the drum and fife called the people together at the Primary School House. Nearly a hundred persons were present.

On motion, Sterling Galt was appointed President, and Tobias Rudisel and Washington Sentz Vice Presidents, and J. H. Christ, Secretary.

Benjamin Shunk, J. H. Christ, Robert Piper, Dr. F. Shepherd, Isaac Wright, and Granville Haines were appointed a committee on Resolutions. The committee retired and in a short time reported the following resolutions:

Whereas, Eight of the Southern States of our Union have passed ordinances of secession—have fully seized the Forte, Fortifications and property belonging to it—fired upon an inoffensive vessel freighted with provisions for Fort Sumpter—attacked and nearly destroyed it—and now are fully engaged in raising an army with the declared purpose of taking the Capitol at Washington.

And Whereas, The President of the United States has called upon the Governor of all the States that have not passed ordinances of secession to furnish their quota of troops for the suppression of rebellion, &c. Therefore,

Resolved, That the Union, the Constitution and the Laws should be faithfully maintained peaceably by all means if it can be done, if not the Governor responding to the call of the President for the necessary military forces called for.

Resolved, That the honor as well as the Interest of our State is in the Union where our fathers placed us, and there we will stand with our *undivided front*, sustained by the proud consciousness of *Justice* and *Right*.

Resolved, That in our opinion Secession is another name for *Rebellion* and *Treason* and we warn our brethren of our beloved State to avoid being drawn within its terrible vortex.

Resolved, That seizures of both public and private property, and threats of violence upon unoffending citizens of our sister State of Virginia, particularly to those who have emigrated from the North, causing them to flee from the land of their adoption, hastily gathering and bringing with them what effects they could, leaving the balance to the cupidity of their enemies, should be a warning to us to beware of the Serpent that would spread its venom amongst us.

Resolved, That we are grieved that apparent necessity required the Governor to call together the Legislature in extra session, whose deliberation can result in but little if any good—the probable consequences of which will be the call of a Convention, which we regard as unnecessary, and involving our State in debts that must be paid by the people.

Resolved, That the election for members of the Legislature in the City of Baltimore does not represent the true sentiment of its people, and being unconstitutional void, we do not recognize any acts of theirs as legal and binding.

Resolved, That we regard the proposition of Mr. Yellot in appointing "a committee of Safety for the State of Maryland" as infamous and degrading to the freemen of the State, and as placing in the hands of an irresponsible body of men the power to bind us hand and foot in Slavery worse than any system of tyranny ever practiced by any Despot in Europe

Resolved, That in our opinion the proposition of Mr. Brune to appropriate two millions of dollars to be expended under the direction of the General Assembly as unnecessary, unwise and oppressive, and that we condemn it in the strongest terms.

Resolved, That we will oppose with all the constitutional means in our power the proposition of Mr. S. Teakle Wallis to legalize the acts of the authorized and unauthorized mob of Baltimore in the late riots.

Resolved, That we recommend a Grand Mass Meeting of all the Friends of a United Country, to be held in this place on Wednesday next at 10 o'clock.

UNION FEELING IN TENNESSEE.—A New York *Times* correspondent writes from Tennessee:

"On the 22d inst., Hon. A. R. Nelson, our Congressman from the upper district addressed the people of this county at Knoxville. He said, if worst comes to worst, and fight I must, I will fight for the Constitution and the Stars and Stripes of our Union," and solemnly called on his Maker to witness the declaration. He is a great Union man, and of the first talent in the State; and more than this, he is a devoted Christian, and has the confidence of every man that hears him.

On Saturday, the 27th inst., Andy Johnson, our Senator from East Tennessee, also addressed the people of this county at Knoxville; he had a large crowd to hear him. He made a great Union speech, and declared that he would fight for the Stars and Stripes, and spill his last drop of blood for the Union. He is a man of bulldog perseverence, of great energy; and will stick to his position, and die in the cause he has espoused.

The leaders of the Union party in East Tennessee have about come to the conclusion, that if the Legislature votes us out in defiance of our rights, East Tennessee will rebel, secede from the State, and stick to the Union. This will only be hindered from the want of guns and powder.

THE UNION FEELING IN KENTUCKY.—The voting in Kentucky last week, for delegates to a Border State Convention, was almost unanimous for the Union candidates. In many counties they received the entire vote, and this in the heaviest poll ever cast, not excepting that of the last Presidential election. From the returns received, it looks as if the whole vote of the State was about 150,000, and of these not less than 140,000 are for the Union. Yet, notwithstanding this extraordinary show of the popular devotion to the Union, there is danger that the traitors Magoffin, Breckinridge & Co., and the majority in the Legislature, may pass some unwarrantable act declaring Kentucky out of the Union, just as was done in Virginia, Tennessee and Arkansas, after the people had decided in favor of the Union. The traitors are engaged in a deep game and a wide spread conspiracy, and they do not scruple to trample on the wishes of the people, and laugh their decisions to scorn.

FOOTING THE BILL.—The patriotic contributions of the people for the war, during the last three weeks, amount to the immense sum of $23,277,000. Pennsylvania heads the list with a free gift of $3,500,000. New York and Ohio have each given $3,000,000; Connecticut and Illinois each $2,000,000; Maine, $1,300,000; Vermont and New Jersey, each $1,000,000; Wisconsin and Rhode Island, $500,000; Iowa, $100,000. The contributions of the principal cities are: New York, $2,175,000; Philadelphia, $330,000 (with a loan of one million negotiating); Boston, $186,000; Brooklyn, $75,000; Buffalo, $110,000; Cincinnati, $280,000; Detroit, $50,000; Hartford, $64,000.

TENNESSEE.—The people, by a majority of 70,000, voted against a convention—and yet the Legislature, like that of Maryland, would vote the State out of the Union, and have passed an ordinance to that effect. Hon. T. A. R. Nelson and Andrew Johnson say they will fight against it under the Stars and Stripes, and spill their last drop of blood for the Union. The leaders of the Union party in East Tennessee say that if the State accedes, the eastern part will rebel, secede from the State, and stick to the Union.

TENNESSEE.—The people, by a majority of 20,000, voted against a convention—and yet the Legislature, like that of Maryland, would vote the State out of the Union, and have passed an ordinance to that effect. Hon. T. A. R. Nelson and Andrew Johnson say they will fight against it under the Stars and Stripes, and spill their last drop of blood for the Union. The leaders of the Union party in East Tennessee say that if the State secedes, the eastern part will rebel, secede from the State, and stick to the Union.

A DASTARDLY OUTRAGE UPON THE AMERICAN FLAG.—The New York *Times* of yesterday publishes, among other information it received from passengers who recently arrived from Savannah, Georgia, the following statement:

"On the occasion of the arrival and speech of Mr. Stephens, a large procession was formed which marched through the city. They carried, painted on canvas, a representation of the American flag, soiled and torn, suspended by a broken flag-staff. Underneath was the picture of a grave, with the words, "Receive me." This outrage upon the flag aroused feelings of deep disgust and indignation among the still loyal portion of the citizens; and one gentleman, a venerable pastor of the Seaman's Bethel, openly denounced the proceedings, declaring that Savannah had been the first to dishonor the glorious banner of the Union." On being threatened with violence, he told the mobocrats that, though he was an old man, he would defend himself if attacked, and some of them would bite the dust if they laid their hands on him."

It is difficult to conceive how men who have long enjoyed the protection of our glorious standard could have acted in this shameful manner; but even this dastardly outrage is only in keeping with the whole rebel movement.

A GREAT CAPTAIN BY ACCIDENT—*Contradictory Estimates of Military Genius.*—When the false report of General Scott's resignation reached the South it gave rise to the utmost rejoicing; bells were rung, guns fired, and for two days a coach and four were kept in readiness at Richmond to bear him in triumph through that city. The press throughout the entire South was loud in his praise as a great military chieftain. They declared that no such soldier ever led armies to the field, conquering and to conquer. Hannibal was nobody beside General Scott; Napoleon was not to be compared with him, and Wellington not to be talked of in the same breath. But next day the news was contradicted, and the loyalty of the old hero to the flag of his country proclaimed.—And then what a change there was in the tone and spirit of the Southern papers. They declared that General Scott was a miserably poor soldier, that his career in Mexico was marked by terrible blunders, and that he got out of the country at all more by good luck than good generalship. A rather sudden change of opinion and a new interpretation of history arrived at in two days, certainly.

THE REVIVAL OF LOYALTY.—One might well be willing to exchange several years of life, at the ordinary rate, for the privilege of having lived during the three weeks which have elapsed since the issue of the President's Proclamation. To behold and to share in the noble enthusiasm which, at a single signal, electrifies the bosoms of twenty millions of freemen, rousing them from ignoble ease and sloth, silencing their petty divisions, and creating an inextinguishable rivalry for the first and foremost place of danger and sacrifice in the patriot cause, imparts to one's whole life a peculiar value. We feel that we have been translated from the worn paths of old use—from the oppressive air of expediency and self-interest, from an order of things in which treason was fast ceasing to be a crime, or patriotism to be a virtue—into an heroic age, such as the historic and the epic muse will celebrate for the instruction and delight of future generations of men.—*American Presbyterian.*

CHANCES OF BEING KILLED IN WAR.—Marshal Saxe, a high authority in such things, was in the habit of saying that to kill a man in battle, the man's weight in lead must be expended. A French Medical and Surgical Gazette, published at Lyons, says this fact was verified at Solferino, even in the recent great improvement in firearms. The Austrians fired 8,400,000 rounds. The loss of the French and Italians was 2,000 killed and 10,000 wounded. Each man it cost 700 rounds, and every man killed cost 4,200 ounces. The mean weight of a ball is one ounce; thus we find that it required, on an average, 272 pounds of lead to kill a man.—If any of our friends should get into a military fight they should feel great comfort in the fact that 700 shots may be fired at them before they are hit, and 4,200 before they "shuffle off the mortal coil."

THE GREEN MOUNTAIN BOYS.—The First Regiment of Vermont Volunteers, Col. Phelps, from Camp Fairfax, Rutland, arrived in New York on Friday morning. They were quartered in the Park, and were to have left on Sunday, for Fort Monroe, Virginia, in the Coatzacoalcos.—Each man wore a sprig of green hemlock in his hat to show that he was from the Green Mountains. It is not enough for a man to volunteer to belong to this regiment, he has to be voted in by the members; by this means all weak men, and those of doubtful character, are rejected.—The following towns have each sent a company: Woodstock, Bradford, Cavendish, Rutland, Middlebury, Brandon, Burlington, St. Albans, Northfield and Swanton. The regiment left Rutland at eight o'clock on Thursday.

☞—The Female Organization is often as frail as that of a tender flower. Many of the sex enter into marriage relations without being able to undergo the labors and trials of maternity. In this country thousands of young and beautiful women are sacrificed every year from this cause alone. Hostetter's Celebrated Stomach Bitters will save many of this class from an untimely grave. This medicine has been used with great benefit by immense numbers of people throughout the republic, and the proprietors have received grateful commendations from all sections of the country. The Bitters will be found to be very pleasant to the taste, even as a beverage, and prompt and powerful in its effect as a medicine. It infuses new vitality into the frame, and strengthens the whole system, so that women who use it are enabled to go through with labors which would, without it, be certain to prostrate them. ☞—Sold by all druggists.

☞—THE GREAT CLOTHING EMPORIUM OF THE UNION—Philadelphia possesses the most splendid Clothing Emporium in the country. It is splendid as regards the palatial structure in which the immense business of the establishment is conducted, and it is equally splendid in respect to its great facilities and vast resources. But to its patrons its chief attractions are, first, the elegance of the garments for Gentlemen and Youths, manufactured there; secondly, the beauty and durability of the materials, and the superior excellence of the fit, and lastly the moderate prices at which the goods are sold. We refer, in this description, to none other than the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut St., above Sixth, Philadelphia.

MRS. WINSLOW,

An experienced nurse and female physician, has a soothing Syrup for children teething, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column

SPRING AND SUMMER HATS AND CAPS,

among which will be found styles and qualities to suit the tastes of old or young, plain or fashionable.

To give the names, colors, qualities and styles of all his goods in this line, would only confuse the reader, and he would not then understand or appreciate the diversity and magnitude of his stock. It must be seen to be believed.—Go and see Jesse if you want to see a live hatter and a fashionable stock.

He has also a fine assortment of CHILDREN'S HATS and CAPS, to which he invites the attention of solicitous mothers. At his store they will find something which will excel all their neighbors in the way of fashion and beauty. Go, mothers, and examine and select from Jesse Smith's stock.

JACOB SNYDER, TAILOR,

The Hero of One Hundred Fits per Month!

I would respectfully set forth my claim to public attention, as a Fashionable Tailor, as follows:

Because I keep an excellent assortment of Cloths, Cassimeres, Vestings and Trimmings, which, when examined always please.

Because my work is made up in a manner that takes down the country and gives all my customers a city appearance.

Because I am not inferior as a Cutter to the best to be found anywhere.

Because long experience in my business gives me entire control over it, and I am not dependant upon any one to fit me out of the suds.

Because I am still on the sunny side of forty, and therefore my taste as a Cutter and workman unimpaired.

Call on me, in the corner room of the "Brant House." Give me a trial and you will go away pleased.

PROF. L. MILLER'S

HAIR INVIGORATOR!!

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND,

FOR RESTORING GRAY HAIR to its original color without dyeing, and preventing the hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriently, and gives it a rich, soft, glossy flexible appearance, and also where the hair is loosening and thining, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a *fresh covering of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning gray* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in *dressing the hair*, which, when moist with the Invigorator can be dressed in any required form so as to preserve in place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being

ONLY 25 CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of the Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

Wholesale Depot, 50 Dey St., and sold by all the principal Merchants and Druggists throughout the world.

Liberal discount to purchasers by the quantity.

I also desire to present to the American Public my

New and Improved Instantaneous

LABOR-SAVING

WASHING MACHINE.

THE UNDERSIGNED HAVING purchased the right for Blair county, of

Tolhurst's Improved Washing Machine,

are now manufacturing them at Altoona, and intend to supply them to those persons throughout the county who desire a LABOR-SAVING MACHINE.

This machine is got up on an *entirely new principle*, and is considered, by those who have seen it in use, the best that has ever been brought before the public.

Among the many advantages of this machine over all others may be mentioned the following:

1st. Its simplicity of construction, making it almost impossible to get out of order.

2d. Its speed, which astonishes alike the operator and the looker on.

3rd. The facility with which it adapts itself to the bulk or quantity of clothes desired to be washed at one time.

4th. It washes equally well the finest and lightest fabric or the coarsest and heaviest, such as bed-quilts, comforts, blankets, &c.

McMINN & DERN,
Altoona, Blair County, Pa.

We the undersigned, hereby certify that we are now using Tolhurst's Improved Washing Machine and are fully satisfied that it is a very excellent article of the kind; combining as it does great speed with little labor, and performing its work in the most satisfactory manner. We therefore cheerfully recommend it to all who desire a real labor-saving washing machine.

MOFFAT'S

LIFE PILLS and PHŒNIX BITTERS.

THESE MEDICINE HAVES NOW been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES

are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss or Appetite, Heartburn, Headache, Restlessness, Ill Temper, Anxiety, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which those creatures adhere.

SCURVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these medicines, was cured of Piles, of 35 years standing, by the use of the Life Medicines alone.

FEVER & AGUE.—For this scourge of the Western country, these medicines will be found a safe, speedy and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—try them, be satisfied, and be cured.

BILLIOUS FEVERS and LIVER COMPLAINTS.—General debility, loss of appetite and diseases of females—the medicines have been used with the most beneficial results in cases of this description.—Kings Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds. Palpitation of the Heart, Painters' Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparation of Sarsaparilla.

Prepared and sold by W. B. MOFFAT,

For sale by all Druggists. [Sept. 13, 1860–1y.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. Tê be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, supernumerated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.
